

CATEGORY People & Culture Award 2024

The People and Culture Award recognises the organisations that nurture their workforce and take proactive steps to create an inclusive environment where everyone feels valued.

People are the beating heart of every organisation and success depends on the commitment and engagement of all. The right company culture improves productivity through creating the environment for everyone to contribute and makes the organisation and industry more attractive for the workforce as we meet the UK's energy demands – now, and into the future.

The People and Culture Award celebrates the fresh, adaptive, environments that see their staff as people and strive to care for their career development, mental health, and sense of belonging. And in return, receive loyalty and a thriving business.

If you're proud of the culture your business delivers and proud of the people who support your employees' needs, you deserve to be an award winner.
